NEWS OF THE MORNING.

'America is securing Russia's grain trade.

Gen. Grant visited San Jose yesterday and was enthusiastically received.

Nothing new has been discovered so far in the examination of the Rodmans at Wheatland.

Seven new cases of yellow jack in Memphis, including one Chinaman—the first to catch it.

Germany and Japan are now at outs. Some misunderstanding about the cholera blockade is the cause.

Senator Bruce, Chairman of the committee to investigate the Freedman's Bureau, promises startling revelations by and by.

Rowell, who is ahead in the international walking match at New York, was taken suddenly ill and now walks with difficulty. Some say he has gone crazy.

Hon. E. B. Washburn, in an interview with the Tribune, denies positively that he ever received a letter from General Grant stating that he (Grant) did not wish to be a Presidential candidate. Washburn was misrepresented by the papers and given no opportunity of correcting the mistake.

Geo. Wm. Curtis, in this week's Harper's Weekly, thus advises Republicans disaffected toward Cornell.

There is but one way in which they can vote so as to defeat the machine and at the same time keep New York Republican. It is the only way in which the individual voter can ever effect party management, for when party managers discover, if they outrange the convictions of party followers, those followers will not follow, the managers will take heed. To Republicans, therefore, resolved not to vote for Cornell because they regard his nomination as a blow to the best interests of the party, our advice is, not to vote the Democratic ticket, but to make their vote count for Republican principles and against Republican mismanagement by scratching the ticket. Should the whole ticket be defeated they would not be responsible for any of the results of Democratic success. If the whole ticket be elected, they would have done what they believed to be the best for the party and for the country, and they would have learned courage, which is the great need of our politics.

KEARNEY AND GRANT.—An Oakland dispatch of the 25th says:

This morning, while General Grant was out for a morning ride, before leaving for Oakland, Denis Kearney called at the Palace Hotel to pay his respects. He again called as soon as the General returned from his ride, and sent up his card, but as Grant was busily engaged he declined to see him.

The dispatch is a "canard." Kearney, after his threat to burn Grant in effigy, would not be very apt to make a call on him, for fear, if nothing else, of Grant's No. 9's.

A party of gentlemen interested in Santa Barbara and Ventura counties are now in San Francisco, with the view of inducing capitalists to turn their attention to the construction of a railroad between the city of Santa Barbara and Newhall, on the line of the Southern Pacific. The distance between the terminal is about 80 miles, and the route lies through a fertile and comparatively populous country.

JUSTICE.—The Petaluma Courier, a staunch Democratic paper, very frankly states:

The election of Pacheco to Congress from California was an act of simple justice. He was fairly elected to the principle of eight to seven. It was not honest, and we are glad the people of Pacheco's district sent him back with a decisive majority. Parties, like individuals, will learn after awhile that honesty is the best policy.

BUILDING HOUSES.—The Tuscarora Times-Review says:

The Indians at the Duck Valley Reservation have finished harvesting their grain crops, and many of them are now employed in putting up substantial dwelling houses for the winter. They haul the lumber from Elko themselves, so we are informed and seem to be thoroughly in earnest in their desire to make comfortable homes before the cold weather commences. Some of the tribe are said to be expert carpenters.

President Hayes declares that he is not a candidate for re-election, believing now the same as when he wrote his letter of acceptance. He thinks one term enough for any man.

They tarred and feathered a fellow in Iowa the other day. It was undoubtedly a tame affair in comparison with the scientific manner in which Reno does that kind of work.

Great efforts are making by both parties to carry Ohio, and dispatches calculated to encourage the adherents of the different candidates are put in circulation by both parties regularly.

HEAVY FEES FOR LAWYERS.

The lawyers are the best paid professional men in the country, and it is nothing unusual to hear of fees of one hundred thousand dollars. Even in small cases the regular charge is often an extraordinary tax upon litigants. Judge Morrison, of the 4th District Court of San Francisco, and Chief Justice elect of California has put his foot down on the proposition that a lawyer shall have all he asks for, in a case the other day where judgment was rendered for \$36,000 and foreclosure of mortgage on the Golden Age Mill property, on Battery street near Broadway, in favor of the French Bank and against D. Conor and the counsel for the bank then appealed to the Court for an allowance for counsel fees, and \$2,000 was suggested. The Judge replied "I think not so much. The Courts have always been very liberal with lawyers. I sit here a whole month for \$500, and work as hard as any lawyer." The sum of \$1,500 was then suggested, and the Judge said: "Well, I'll think about it."

LUSUS NATURÆ.

A Leopard Cannot Change His Spots, but a Negro May Turn White.

A remarkable case is reported from Westminster, Md., which has recently attracted the attention of a number of scientific persons. The lusus naturæ is Abraham Ireland, who is colored, is aged sixty-eight years, and was formerly a slave of Amos Lowe, in Baltimore county. When a boy he came to Carroll county, and for forty years he has worked in a tan yard. His parents were both black, and Abraham himself was as black as ebony. Twenty-two years ago spots made their appearance on his face and hands, and they have continued to spread until now his entire face and head—which is bald—his body to the waist and his hands, arms and feet are white, only a few dark spots, resembling freckles, remaining on his face. He enjoys good health and so far no satisfactory explanation has been given for this curious change from black to white.

Some of the physicians who have examined him attribute it to the constant contact with acids in the tan yard, used in the preparation of the hides, while others regard it as a species of erysipelas. Abraham has reared a family of children, all of whom are as black as he was in his younger days. Thus far he has resisted all the tempting offers of showmen.

The Commercial Bulletin, a strong anti-railroad monopolist journal says: "Cornell's letter of acceptance is as satisfactory an enunciation of principles relating to the railroad question as mere words could be. Robinson's letter accepting the nomination is remarkable for the absence of one word relating to this question, notwithstanding the very pronounced utterance of the Syracuse platform concerning it. We think it hardly conceivable that the omission of any allusion to such a conspicuous issue can have been otherwise than designed."

Scott, an English torpedo expert has been captured by the Chilians and conveyed with a few associates to Valparaiso. On his person was found a contract with a merchant of Peru by which the latter agreed to pay him \$50,000 for each iron-clad and \$25,000 for each corvette of the Chilian navy blown out of water by his devilish submarine devices. The Chilians, without the fear of the British lion before their eyes, now announce their intention of elevating Scott by means of a rope higher than he ever could have hoped to boost their men-of-war.

The assessment roll of Humboldt foots up \$2,728,000 or \$447,000 more than it was in 1878. The general tax for State and county purposes, will amount to nearly \$69,000. Of this amount about \$14,000 will go to the State, and the balance applied to reducing the county indebtedness and the maintenance of the public schools.

The United States District Attorney of Utah on Thursday excluded the polygamists and those who believe in polygamy from the Grand Jury, and it now begins to look as though the Government had taken hold of the question in earnest. The same rule will apply to the trial jury in the polygamy cases.

In the case of Theodora Flotes against Bill Leete, claiming \$10,000 damages for alleged seduction and breach of promise of marriage, the defendant has filed an answer containing general and specific denials of the allegations of the plaintiff.

The Church is making an effort to compromise the suit between the executors and heirs of Brigham Young, and thus stop further exposure. The price is said to be \$100,000.

The San Francisco Call has gone into the affidavit business once more. The average daily circulation of the paper is sworn to as 43,618.

NEVADA STATE NEWS.

Chinese chicken thieves infest Elko. At Belleville water is worth \$1 per barrel.

Virginia City has \$23,333 in her treasury.

There is very little water in the Humboldt River.

The Indians at Tuscarora have the whooping cough.

Como has three women, two quartz mills, and one whisky mill.

Business men in Tuscarora complain of unusual stagnation in business.

But very little work is being done in the Downeyville mines at present.

The total valuation of property in Lyon county this year is \$1,013,441.

Silver gray foxes are numerous in the vicinity of Pioche. Their fur is valuable.

The mills at Empire are all shut down on account of there being no water in the Carson river.

The Eureka Sentinel is of the opinion that Eastern capital is destined to bring White Pine once more to the front.

The Eureka mill, Carson river, is to be set at work in the near future on Silver Nevada ore and will make a winter run of it.

The annual target shooting match of the Emmet Guard will take place at the company's range on Wednesday, October 8.

The Piutes will gather at Virginia City from all portions of the State to participate in the reception of General Grant.

A band of sixty-five English gypsies are encamped at Walker lake, Esmeralda county. They are bound for southern California.

About 8:30 o'clock Thursday night John Rowe was instantly killed by falling a distance of eighty feet to the bottom of the Utah shaft.

The Rattler mine at Paradise, is proving to be one of the richest prospects in Mount Rose District. The vein is from 14 to 18 feet wide and the ore now being extracted assays \$150 per ton silver.

The Postmaster of Austin has received notice that after the 1st of October the mail route from Austin to Ellsworth is to be curtailed to the extent of depriving the people of Reese river and Western Nye county of mail communication.

Hank Luffkins has matched the flyer "Sleepy Bob" against Johnny Williams' Bodie horse "Black Harry" for \$500 a side—\$250 forfeit now up. Owing to there being no track at Bodie, says the Union, the race—500 yards—will be run at Carson on the 25th of next month.

NEW YORK WORKINGMEN TO DENNY KEARNEY.

The Executive Committee of the National Workingmen's party, at a special meeting held at Grand Central Hall, resolved that their Secretary should transmit the following address:

To DENNY KEARNEY, President Workingmen's Party of California.—DEAR SIR: The Workingmen of New York are extremely glad to hear that you are coming out to this city. The National Workingmen's party bid you welcome. We are organized on your platform and are devoted believers in the principles enunciated in the New Constitution of the State of California. We are not Communists nor Greenbackers; for many leading Greenbackers of this city are capitalists, who tell us that labor will regulate itself. The Greenbackers have sold out the labor party every year in New York, so we will never let them have a foothold in our party. Our leaders and candidates have taken a solemn oath that they will always stand by the Workingmen. Try to reach New York as soon as possible. The National Workingmen's party have put many candidates already in the field, for we must get ahead of the "Honorable Bilks." The people are ripe for revolution by the ballot—the only means that can avert a bloody revolution. The Tammany Hall party is wrecked and is going to pieces. The anti-Tammany tribe have possession of the flesh pots. The Republicans are getting ready to welcome Grant, who has crawled over the despot thrones of the old world, if he ever gets this far. Conkling, who gets \$20,000 a year as the attorney of the Erie Railway, has nominated Cornell for Governor. Lucius Robinson, who has been, and whose son now is, attorney for the Central Railway, sets up himself (by the grace of S. J. Tilden) for Governor. Augustus Schnell, a millionaire, who is a large stockholder in the Erie Railway, bounds on John Kelly. The fight for the Governorship of New York is a struggle between the Central and Erie Railways. Tom Scott, the Pennsylvania Railroad king, owns the legislative, executive and judicial branches of the government. The question the political mongers have brought up for the decision of the people is what railway king will own the government of New York. The National Workingmen's principles are: "Anti-railroad kings, anti-white slavery, anti-monopoly and roguery, anti-thieving and anti-robbery. The Workingmen of New York bid you welcome, and will accord to you a grander reception than that U. S. Grant ever received. Sincerely and fraternally yours, BERNARD J. KELLY, Secretary National Workingmen's party of New York.

SANFORD'S RADICAL CURE For CATARRH

INSTANTLY relieves and permanently cures this loathsome disease in all its varying stages. It possesses the exciting and localizing qualities of plants, herbs and barks in its essential form, free from every impure contamination, and in this respect differs from every other known remedy. In one short year it has found its way from the Atlantic to the Pacific coast, and wherever known has become a standard remedy for the treatment of Catarrh. The proprietors have been waited upon by gentlemen of national reputation who have been cured by this remedy, and who have, at considerable expense and personal trouble, spread the good news throughout the circles in which they moved. When you hear a wealthy gentleman of intelligence and refinement say, "I owe my life to Sanford's Radical Cure," you may feel assured that it is an article of great value, and worthy to be classed among the standard medical specifics of the day.

"I benefit I derive from its daily use is to me irrefragable." HENRY WELLS, of WELLS, FARGO & Co.

"I have cured me after twelve years of untiring trouble." GEO. W. HOUGHTON, WALTHAM, MASS.

"I FOLLOWED the directions to the letter and am happy to say I have had a permanent cure." D. W. GRAY, M. D., MUSCATINE, IOWA.

"I HAVE recommended it to quite a number of my friends, all of whom have expressed to me their high estimate of its value and good effects with them." WM. BOWEN, 225 Pine St., St. Louis.

"AFTER using two bottles I find myself permanently cured. I have since recommended over one hundred bottles with the greatest success." W. J. ARMISTEAD, 150 HARRISON AVE., BOSTON.

WE have sold SANFORD'S RADICAL CURE for nearly one year and can say candidly that we never sold a similar preparation that gave such universal satisfaction. We have yet to learn of the first complaint.

S. D. BALDWIN & CO., WASHINGTON, D. C.

THE cure effected in my case by SANFORD'S RADICAL CURE was so remarkable that it seemed to me that I had secured relief from any of the usual remedies that it could not be true. I therefore made affidavit to it before S. J. Tilden, Esq., Justice of the Peace, Boston.

GEORGE H. DISMORE, DRUGGIST, BOSTON.

Each package of SANFORD'S RADICAL CURE contains Dr. Sanford's Improved Injuring Tube, and full directions for its use in all cases. Price, \$1.00. For sale by all wholesale and retail druggists and medicine stores throughout the United States and Canada. WELLS & POTTER, General Agents and Wholesale Druggists, Boston, Mass.

JUST YOUR TIME

To make money safely, easily and rapidly, is now, while the stock market offers so many splendid opportunities. The combination system has unprecedented success, and brings good fortune to thousands of shareholders in this and other countries. Investments of from \$25 to \$10,000 are thus consolidated in one vast capital, and operated by the best skill and experience, result in heavy profits, which are divided among shareholders every month. A New Orleans cotton dealer made \$27,640 18 in two months. A Baltimore merchant received an aggregate profit of \$9,642 04 from three combinations. A San Francisco mining agent made \$22,438 16 from four combinations, his first investment having been \$100. Others have been equally fortunate. Every day there are new and grand opportunities. New explanatory circular, with "unerring rules for success," mailed by Messrs. Lawrence & Co., Bankers, 37 Exchange Place, New York City.

Subduing and Avoiding Fever and Ague.

Of all chronic diseases, fever and ague is perhaps the least conquerable by the ordinary resources of Medicine. There is, however, a remedy which completely roots it out of the system in any and all of its various phases. This celebrated anti-periodic is vegetable in composition, and is not only efficacious, but perfectly safe, a thing that cannot be predicated with truth of quinine. Hostetter's Stomach Bitters, besides a most efficient means of defense against malaria, as it endows the physique with an amount of stamina which enables it to encounter miasmatic influences without prejudice to health. Persons about to visit, or living in foreign countries, or portions of our own where intermittent or remittent fevers prevail, should not omit to lay in a sufficient supply of the great Preventive, the stomach bowels and liver common to such localities.

DR. SPINNEY,
NO. 11 KERNAN STREET.
TREATS ALL
Chronic and Special Diseases.
YOUNG MEN
WHO MAY BE SUFFERING FROM THE
effects of youthful follies or indiscretion
will do well to avail themselves of this, the
greatest boon ever laid at the altar of suffering
humanity. DR. SPINNEY will guarantee to re-
furnish \$500 for every case of seminal weakness or
private disease of any kind or character which
he undertakes and fails to cure.
MIDDLE-AGED MEN.
There are many at the age of thirty to sixty
who are troubled with too frequent evacuation
of the bladder, often accompanied by a slight
smarting or burning sensation, and a weakening
of the system in a manner the patient cannot
account for. On examining the urinary deposits
aropy sediment will often be found and some-
times small particles of albumen will appear, or
the color will be of a milky white hue, again
changing to a dark and torpid appearance.
There are many men who do die of this difficulty
ignorant of the cause, which is the second stage
of seminal weakness. Dr. S. will guarantee a
perfect cure in all such cases, and a healthy
restoration of the genital urinary organs.
Office Hours—1 to 4 and 6 to 8. Sundays
from 10 to 11 A. M. Consultation free. Thoro-
ugh examination and advice, \$5
